

Flat Fee Processing

A single fee for unlimited processing.

Currently, merchants pay a fee each time a credit or debit card is processed. With the Unlimited Processing Program merchants:

Pay a monthly SET FEE for all card transactions.

How do we do it?

Your customer is assessed a fee on each transaction, however if your customer pays with cash the fee is waived. When a customer pays with a card, the fee collected is used to pay the card fees you would have paid, saving you time, effort, and money!

Savings Breakdown

With Standard Program

Amount of Transactions Submitted
\$57,985.78
Credit Card Fees
\$1,336.10
Total Fees Charged
\$-1,336.10

Total cost of **\$1,336.10/month**
